The background of the slide is a photograph of medical professionals in a hospital setting. On the right, a male doctor in a white lab coat and blue tie smiles, with a stethoscope around his neck. To his left, a group of healthcare workers, including nurses in blue scrubs and other staff in white coats, are blurred in the background. A semi-transparent white box with a blue border is positioned in the upper left, containing the Wolters Kluwer logo and the title text. A solid blue rectangular box is in the lower right, containing the text 'Fall 2015 Upgrade'.

prepU class management integration and upgrade

Fall 2015 Upgrade

prepU Class Management Tools Upgrade: August 2015

- Slightly modified prepU interface will launch in early August 2015
- New approach mimics Lippincott CoursePoint interface
 - Easier to find prepU (quick launch from My Content)
 - New tabbed interface
 - Easier to find/use training resources
 - Easier to access and launch prepU
- New suite of class management tools
 - Accessible via “My Classes” button
 - Same functionality across prepU, CoursePoint, and vSim products

- [About this Product](#)
- [Using this Product](#)
- [Adaptive Learning by PrepU](#)

The screenshot shows the prepU product page. At the top, there's a navigation bar with the prepU logo and three tabs: "About This Product", "Using this Product", and "Adaptive Learning by prepU". The main content area is titled "About this Product" and includes a description of PrepU as an adaptive quizzing engine. It also features a "Product Recommendations" section on the right, which lists the textbook and a link to learn more. At the bottom, there are buttons for "Buy Now" and "Instructor Get Deck Copy or Online Access".

About This Product Using this Product Adaptive Learning by prepU

About this Product

PrepU is an adaptive quizzing engine built by teachers and tested in the classroom.

PrepU's personalized quizzes help each student learn more, while giving instructors a window into their students' progress—highlighting misconceptions, strengths, and weaknesses.

[Learn More](#)

Access Class Statistics and Reports: Track each student's progress and level of understanding—gaining insight into how well your students understand different topics!

Clearly Identified Student Misconception: PrepU alerts professors to concepts that students misunderstand using class performance data. This gives faculty the opportunity to correct misunderstandings, before the exam!

Why are we upgrading the prepU interface and adopting one set of class management tools?

- You and your students will be able to use one, consistent set of tools across key WK products (CoursePoint, prepU, vSim, CoursePoint for Nursing Concepts)
 - Improved training and support experience for you and your students
 - Allows us to more efficiently upgrade our class management functionality
- We can better support *all users* (even those students who purchase a different product version from the one you adopted)
 - *Example:* You adopted Taylor's CoursePoint but some of your students purchased prepU for Taylor OR you adopted prepU for Taylor but some of your students purchased CoursePoint for Taylor
 - In the current software, this “mismatch” has caused confusion among our students and inconvenience for our instructors and could only be fixed through our support team
- All of your students will be able to enroll in your classes and view your assignments AND you will be able to access complete performance data.

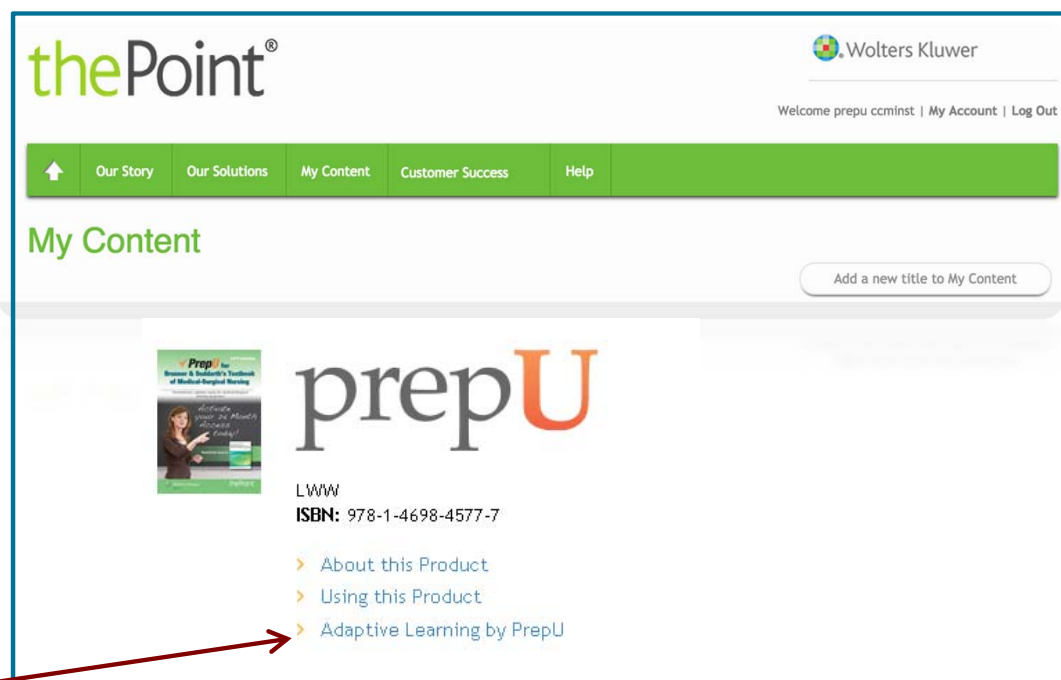

What won't change?

- **Your data**
 - All of your historical data and classes
 - All of your students' data
- **Our content (and your customized or added content)**
- **prepU's main interface and functionality (beyond class management tools)**
 - prepU will still function in the same way it does now

Upgrade #1:

Launching prepU via My Content

1. Log into thePoint.lww.com
2. Locate your prepU title(s)
3. Launch prepU via the “Adaptive Learning by prepU” hyperlink

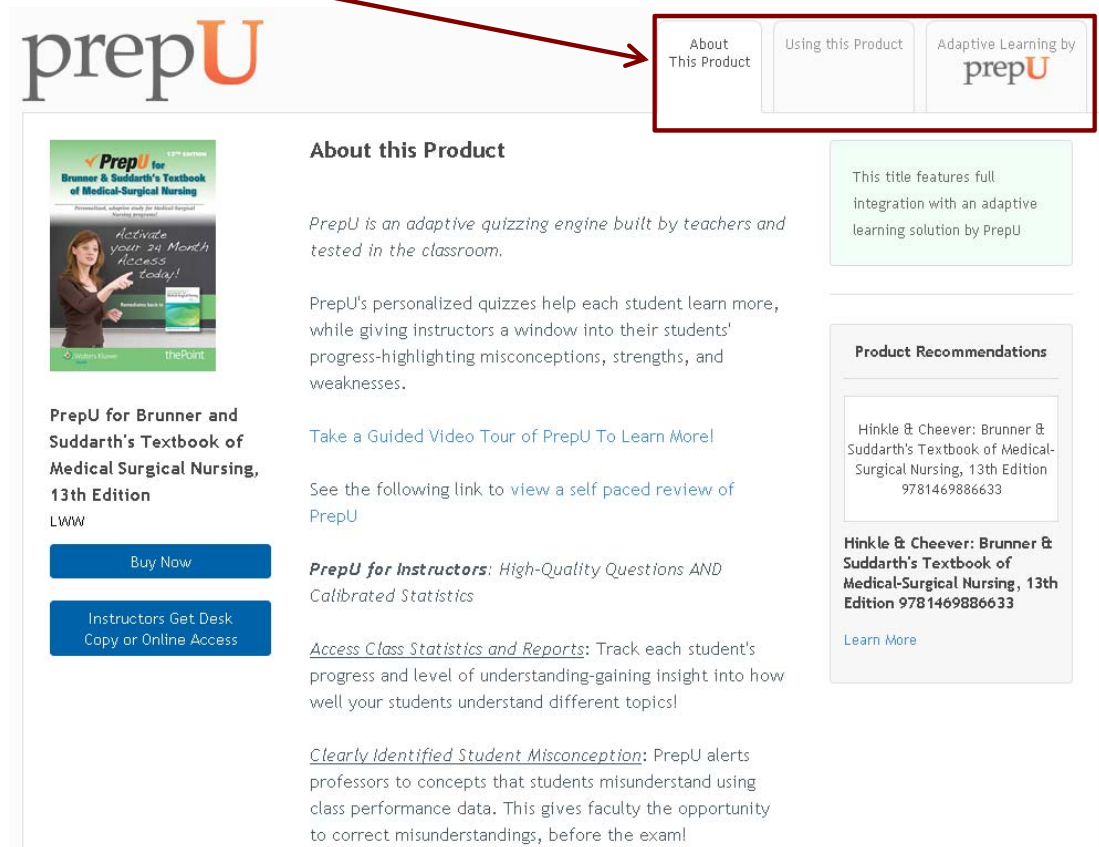

Upgrade #2:

New tabbed approach

- Three tabs makes it easier to access *what you need, when you need it:*

- About this Product (product information)
- Using this Product (training links and user documentation)
- Adaptive Learning by prepU (prepU engine)

The screenshot shows the prepU website interface. At the top, the prepU logo is visible. Below it, there are three tabs: 'About This Product', 'Using this Product', and 'Adaptive Learning by prepU'. A red arrow points from the text 'what you need, when you need it' to these tabs. The 'About This Product' tab is selected, showing a section titled 'About this Product'. This section includes a description of PrepU as an adaptive quizzing engine, a link to a guided video tour, a link to a self-paced review, and a section for instructors. The 'Using this Product' tab is also visible, showing a section titled 'Using this Product' with a link to a self-paced review. The 'Adaptive Learning by prepU' tab is also visible, showing a section titled 'Adaptive Learning by prepU' with a link to a self-paced review.
