

Supplementary Table S1 Differences between mean daytime and nighttime mean arterial pressure and between lowest daytime and nighttime mean arterial pressure

	Mean arterial pressure (MAP), mmHg		
	Median (25 th - 75 th percentile)	Minimum	Maximum
Difference mean daytime MAP - mean nighttime MAP	16 (10 to 22)**	-46	52
Difference lowest daytime MAP - lowest nighttime MAP	8 (-2 to 15)**	-65	36

** p<0.001 Wilcoxon paired
MAP, mean arterial pressure.
