(Your household includes anyone who shares the facilities in your home such as the kitchen and lounge)
Please write down the other people in your household (don’t include yourself). It’s best if you write their relationship to you (e.g. "mum" or "sister"), but if you have lots of people in your household you can write down their names too so you don’t get confused. For example, for your big sister, Ellie, you can write down "big sister" or "sister (Ellie)". The most important thing is that you can remember who this is later on.
