

Fig. E-1
Scatter plots of glenoid pathology for all study groups. 2D = two-dimensional imaging group, 3D = three-dimensional imaging group, and 3D + IRI = three-dimensional intelligent reusable instrument group.

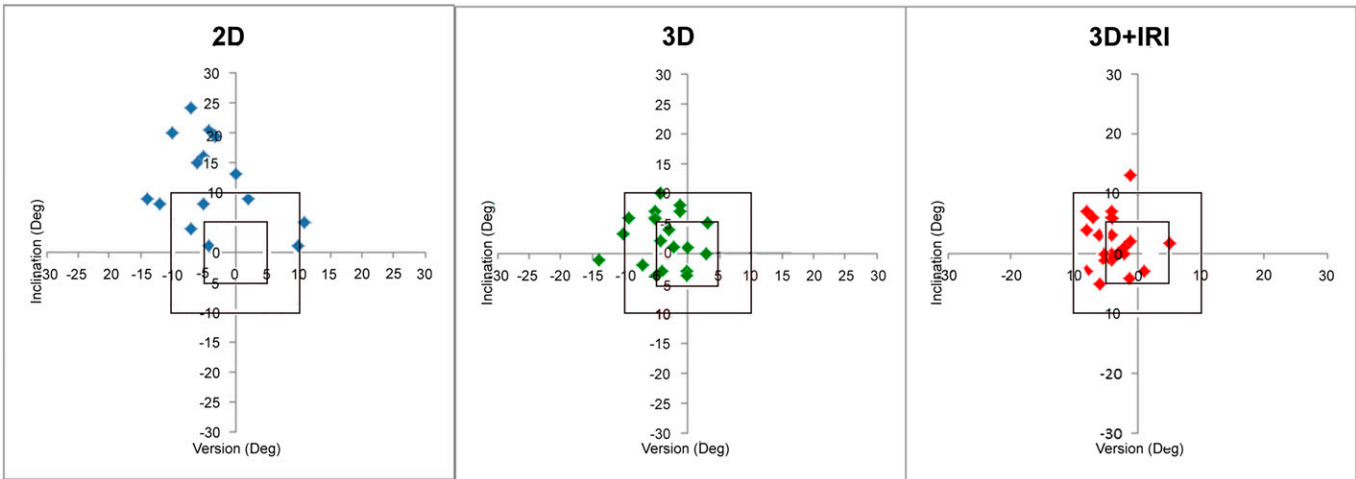

Fig. E-2
Scatter plots of postoperative deviation from plan for all study groups. Outline boxes are placed at 5° and 10°. 2D = two-dimensional imaging group, 3D = three-dimensional imaging group, and 3D + IRI = three-dimensional intelligent reusable instrument group.
