Appendix

Clinical Outcomes in All Patients Following Reconstruction

- Pt 6: No further complications
- Pt 5: Repeat Mesh, Patellar Tendon Re-rupture
- Pt 3: AKA after PJ recurrence
- Pt 7: 10° Extensor Lag
- Pt 9: No further complications
- Pt 10: No further complications
- Pt 8: 10° Extensor Lag
- Pt 2: I & D for superficial wound dehiscence
- Pt 11: No further complications
- Pt 12: PJ Recurrence, Revision of Polyethylene
- Pt 4: No further complications
- Pt 1: No further complications
- Pt 14: No further complications
- Pt 13: No further complications
- Pt 15: No further complications
- Pt 16: Repeat Mesh, Quad Tendon Re-rupture

Calendar Year

Fig. E-1
Depiction of the time elapsed until a clinical event occurred or until the most recent follow-up visit, with each bar representing one patient. Pt = patient; I & D = irrigation and debridement.
