**Appendix 1: Questionnaire for parents**

1. What is the code assigned to your child by the GODIVA study? The code contains three numbers.

2. What is the code assigned to the investigator?

3. What is your relation to the child?  
   - Mother  
   - Father/Partner  
   - Otherwise, namely:

4. What is your date of birth?

5. What is the date of birth of your partner?

6. What is the highest level of education you completed?  
   - No education finished  
   - Primary school  
   - Secondary school/ lower vocational education  
   - Secondary science education/ gymnasium  
   - University/ Higher vocational education  
   - Otherwise, namely:

7. What is the highest level of education your partner completed?  
   - No education finished  
   - Primary school  
   - Secondary school/ lower vocational education  
   - Secondary science education/ gymnasium  
   - University/ Higher vocational education  
   - Otherwise, namely:

8. My knowledge about motor development is more than average because of my job/study.  
   - Absolutely  
   - Agree  
   - Neutral  
   - Disagree  
   - Absolutely not

9. I think de motor development of my child is:  
   - Fast  
   - Above average  
   - Average  
   - Below average  
   - Slow
**Questions about the instruction**

<table>

**Questions about making the home video**

<table>
<thead>
<tr>
<th>Question</th>
<th>Option 1</th>
<th>Option 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>14. My house is a suitable place for capturing the motor skills of my child</td>
<td>Absolutely</td>
<td>Agree</td>
</tr>
<tr>
<td></td>
<td>Neutral</td>
<td>Disagree</td>
</tr>
<tr>
<td></td>
<td>Absolutely not</td>
<td></td>
</tr>
<tr>
<td>15. Who assisted you during filming?</td>
<td>Nobody did</td>
<td>My partner</td>
</tr>
<tr>
<td></td>
<td>An older child</td>
<td>Otherwise, namely:</td>
</tr>
<tr>
<td>16. Do you have the right camera equipment to film?</td>
<td>Yes</td>
<td>No</td>
</tr>
</tbody>
</table>
17. What was the mood of your child during filming?
   - Sleepy, inactive
   - Calm, inactive
   - Cheerful, active
   - Whining, grumpy
   - Crying, upset, angry
   - Otherwise, namely:

18. How much time did you spend on preparations and actually making the home video?
   ……….minutes

19. My child showed all the motor skills he/she mastered on the home video.
   - Yes, even better than that! I saw some new things.
   - Yes, I agree ➔ skip question 20
   - No, my child has more skills than he/she showed on the home video

20. Which factors had a negative influence on the motor performance of your child?
   - Distraction by noises or bustle
   - Physical discomfort
   - The mood my child was in
   - The presence of (strange) persons
   - No reason, happened by accident
   - Otherwise, namely:

21. I enjoyed making a home-video of my child.
   - Absolutely
   - Agree
   - Neutral
   - Disagree
   - Absolutely not

22. It was easy to determine if all the required positions and motor skills were captured on the home video.
   - Absolutely
   - Agree
   - Neutral
   - Disagree
   - Absolutely not

23. It was easy to meet the technical criteria for making the home video.
   - Absolutely
   - Agree
   - Neutral
   - Disagree
   - Absolutely not

24. I can imagine the researcher/ Paediatric Physical Therapist is able to assess the motor performance of my child using the home video.
   - Absolutely
   - Agree
   - Neutral
   - Disagree
   - Absolutely not

25. In general, making the home video was well to do.
   - Absolutely
   - Agree
   - Neutral
   - Disagree
   - Absolutely not

26. Did you need help by uploading the home video?
   - Yes
   - No

27. It feels safe to share the home video of my child.
   - Absolutely
   - Agree
