

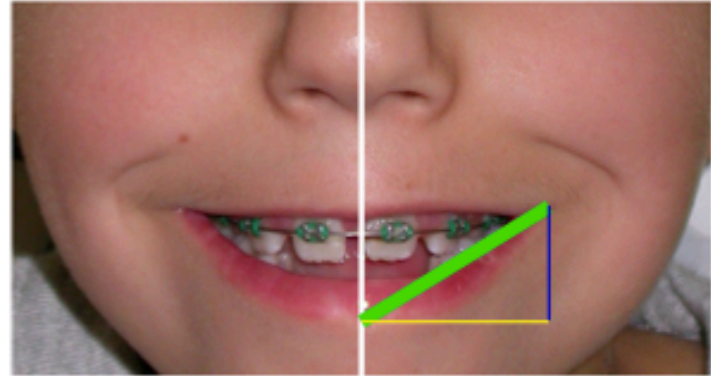

Figure 2S. Facial measurements performed with SMILE software.

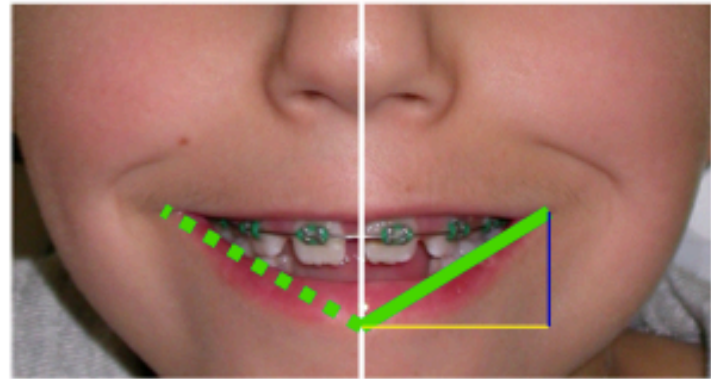

### **Excursion Improvement =**

Postoperative hypotenuse (Smile-Rest)  
minus  
Preoperative hypotenuse (Smile-Rest)

### **Excursion Asymmetry =**

Contralateral hypotenuse (Smile-Rest)  
minus  
Ipsilateral hypotenuse (Smile-Rest)

### **Vertical Height Asymmetry =**

Contralateral height  
minus  
Ipsilateral height
