

Questionnaire 2015

Open-ended questions

1. What has worked best in the ASK intervention?
2. How did you experience teacher training and regional meetings?
Was there something that could have been done differently?
3. What have been the biggest problems, barriers or challenges for you as a teacher in the ASK intervention?
4. In relation to the equipment package, what equipment has been most used, what equipment has not been used, and what equipment do you miss which should have been included?
5. How did the website (www.askbasen.no) work? Are there any lessons you miss?
6. What advice would you give to schools in Norway that wants to implement more physical activity?
7. How would you briefly summarize the ASK intervention?
